

PARTNERS WORKING TOGETHER

Parish Government Risk Management Agency (PGRMA) was created by an act of the Louisiana Legislature in 1979. Under the supervision of its Board of Trustees the PGRMA follows all established guidelines set by the Louisiana Department of Insurance as it relates to its creation. The State Executive Board of the Police Jury Association (PJA) sits as its Board of Trustees.

The PJA represents all 64 parishes and its board membership is made up of statewide and regional members so that both the rural and urban based parishes are represented. They hold quarterly meetings and committee meetings to review the programs progress. It has appointed its State Executive Director to work daily with its Third Party Administrator Cannon Cochran Management Services (CCMSI) in the operation of both the Workers' Compensation and Group Health programs.

All Police Jury Association Parish members and their sub-entities are eligible for membership in the PGRMA. The PGRMA carries the statutorily required Reinsurance requirements and receives a yearly audit of its programs which is filed with the Louisiana Department of Insurance.

CCMSI was founded in 1978 in Danville, Illinois and is currently the nation's 6th largest Third Party Administrator in Workers' Compensation and Property & Casualty programs. Today, CCMSI serves 384 self-insured employers, 55 self-insured groups, 15 primary insurance companies, and 6 captives in 50 states from 41 locations nationally while employing over 870 people. CCMSI provides nine lines of service, including Workers' Compensation, General Liability and Group Health coverage with Governmental Entities being a leading industry across seven major industry sectors.

Since 1997, CCMSI and the PGRMA have worked together to provide member parishes with quality Group Health and Workers' Compensation coverage. For a quarter century, the PGRMA has provided workers' compensation and group health coverage for police juries statewide. CCMSI's approach has been relatively simple... We understand that we are spending our client members' money and strive to provide the highest in quality service. The future for the PGRMA is strong. Now is an excellent time to consider the PGRMA's workers' compensation and group health programs if you are a member of the Police Jury Association.
